## It's HOT Out There!

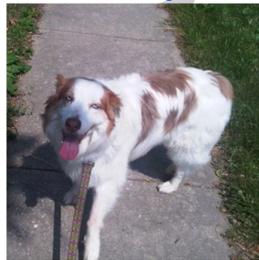

Ace needs a break from the heat!

Summer is here and it's not messing around =) We've already had some 100 degree days before June even began. All FDA walkers are trained to keep an eye on your pup's demeanor during our visits, and we are paying special attention on these crazy hot days. When we have these extremely hot days adjustments may be made to the visits for the safety of your pup and the walker.

Walks may be shortened and dogs with scheduled runs may get walks instead. If we do need to come indoors earlier than normal, we will give your pup extra love and playtime to complete their visit.

## Summer Safety Tips

- 🐾 Make sure your pet has plenty of water at all times.
- 🐾 Do not leave your pet outside for extended periods of time in extreme heat.
- 🐾 Never leave your pet in a parked car, even with the windows down. It is extremely dangerous and illegal.
- 🐾 Don't let your pet linger on hot asphalt. The heat causes them to overheat very quickly and it can burn the sensitive pads of their feet.
- 🐾 Know the signs of overheating in your pet: excessive panting or difficulty breathing; increased heart and respiratory rate; drooling; weakness; stupor; bloody diarrhea and vomiting; body temperature over 104 degrees. Dogs release body heat by panting and through the pads of their feet. If you think your dog is becoming overheated, place their feet in cold water and wet their body with cold water.
- 🐾 **Seek medical attention immediately if:**
  - ★ you can't cool them down
  - ★ they lose consciousness.

Heat stroke can be deadly to your pet.

**4th of July**  
**REMINDER**

### Happy 4<sup>th</sup> of July!

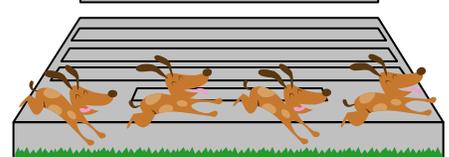

Four Dog Adventures is **CLOSED** on the 4<sup>th</sup> of July. No services will be offered including regularly scheduled weekly visits. Don't forget that fireworks can be extremely scary and dangerous to your pets. Please leave pets safe inside your home, including outdoor cats. Leaving a TV or radio on often helps drown out the sounds of fireworks and helps keep your pets at ease. Have a wonderful holiday and we look forward to seeing your pup on the 5<sup>th</sup>!

Tulip happy and safe at home.

Baxter

Have you checked out Four Dog Adventures on [facebook](#) yet? Check it out and see that not only is your pup getting to have tons of fun, but that he or she means the world to us too!

**Have a safe and fun summer!**
