we had to cancel on the bad

Four Dog Adventures Is Growing!

Sundara Lucas - Owner - with Karli

Natalie Tusa - Assistant Manager
with Maxine

Four Dog Adventures now has 6
experienced dog walkers on our team!

Everyone who becomes a FDA team member goes through a vigorous hiring process. Not only do they have to be huge animal lovers, they also go through two interviews as well as a criminal background check. No matter how much we grow, our mission always remains the same: To help give you a tired and happy dog.

As we expand it is very important to us that your level of service remains the same. We aim to assign you one primary walker, with backup provided by Natalie and myself. We thank you so much for helping make our growth possible!!!

To help us serve you better:

- * If you **DO NOT** have a pre-arranged schedule, please be sure to contact us with the requested visit day or days by noon Sunday. This helps ensure your pup gets what he/she needs for the week.
 - * If someone new will be in your home, please give us a heads-up by text, call or email. Safety is a priority for us and your home.
- Please make all cancellations by **10am** the day of your scheduled walk. Fees may be assessed if cancellations are made **after 10am** the day of the prescheduled visit.

Consistency is Key!

We always want to make sure your dogs are getting the most out of their walks with us. Learning is a never ending process that takes time and patience, and we want to help with this process however we can. Please do not hesitate to keep us filled in on anything pertaining to your pups so we can keep a routine they are familiar with.

Please enjoy these all-natural dog biscuits from Sideways Brewing Company. Sideways Brewing Company is an independent brewery whose creators care about dogs as much as they do about beer. Their goal is to create amazing products with zero waste. They use the spent grains from their brewing process as the main ingredient in their awesome dog biscuits! These biscuits have no dyes, artificial flavors, or preservatives, and they come in a variety of flavors. My dogs love them and I hope yours will, too!!
